## **Chairman Price Welcomes Rep. Bill Cassidy to RSC**

**Washington, D.C.** – Republican Study Committee Chairman. Tom Price (GA-06-R) issued the following statement welcoming Rep. Bill Cassidy (LA-06) to the RSC and congratulating him on his membership in the 111<sup>th</sup> Congress.

“It is my pleasure to welcome Bill and his true conservative values to the Republican Study Committee,” said Chairman Price. “Bill brings the kind of real-world experience to Congress that will help us to tackle frontline issues such as revitalizing our economy and positively reforming health care. He understands that the well-being of our country’s economy and its health care system are naturally linked. And with our economy faltering, his vision for sensible, long-term, conservative solutions is what the people of Louisiana and our nation need. Bill will surely be a valuable addition to the Republican Study Committee, and I look forward to working with him.”

NOTE: The Republican Study Committee is a group of over 100 House Republicans organized for the purpose of advancing a conservative social and economic agenda in the House of Representatives. The Republican Study Committee is dedicated to: -- a limited and Constitutional role for the federal government, -- a strong national defense, -- the protection of individual and property rights, -- and the preservation of traditional family values. The group has played a major role in key policy areas including budget, appropriations, taxes, education, Social Security reform, defense, deregulation, and general government reform. The Republican Study Committee is an independent research arm for Republicans.
